Information & Safety

File safety & evacuation

It is important that you read and understand this safety

directions on the back of your room door and familiarize yourself

with the emergency exits.

Fire alarm

The hotel contains automatic fire alarms throughout the hotel. The

smoke detectors are near stairwell doors, elevator doors and

doors leading to guest rooms.

Fire extinguishers

Fire extinguishers are located near stairwell doors, elevator doors and

doors leading to guest rooms. Each extinguisher is labeled with

instructions on how to use it.

Emergency exit

The hotel has four emergency exits in each floor, two doors

leading to stairwells, and two doors leading to elevators.

Emergency drills

The hotel conducts regular emergency drills to ensure that you

are familiar with the emergency exits. These drills are

announced in advance and are supervised by hotel staff.

Fire procedures

If you encounter a fire in the hotel, please follow these steps:

- Call the fire department immediately by dialing any phone in

the hotel.
- Use the nearest emergency exit.
- Do not use elevators.

In the event of a fire, hotel staff will assist you in evacuation.

Evacuation routes

Please note the emergency exits from your room. Each floor has

two stairwell doors and two elevator doors.

Emergency contact

Please call your local emergency number from your phone. If you

are unable to call, please use any phone in the hotel.

Local area information

The hotel is located in the heart of the city, close to major

shopping, attractions, and dining options.

Media

The hotel offers a selection of TV channels, including

cable TV and pay-per-view options.

Long distance calling

Call hotel services for information on long distance rates.
